

Memmingen, November 2025

Sale of BUZIL products to the general public

Dear customers and business partners

The CLP regulation 1272/2008 and the regulation on detergents 648/2004 impose additional requirements on washing, cleaning, disinfection and maintenance agents intended for private persons (consumers). They include, for example, additional information on the labels and child-resistant fastenings for certain dangerous products.

The articles listed in the enclosed survey may be freely released to the general public. Please note, that articles not mentioned in the list are still allowed for professional use only.

Best regards

BUZIL-WERK Wagner GmbH & Co. KG

i.A. Cornelia Führer-Hölzler
